# 01. ABSTRACT

## Crypto Bozos Token

Ok

Doing good the fun way.

Crypto Bozos Token came into existence on June 2023 with a grand vision. As a fun meme project with a purpose, CB Token aims to raise cancer awareness while introducing crypto adoption to the mainstream.

Birthered from the successful NFT project CryptoBozos, which has already made charitable donations, CB Token seeks to disrupt the meme space and strives to contribute a portion of its profits to cancer-related charities and give back to the NFT and Meme community. By combining humor, innovation, and a noble cause, Bozo Coin endeavors to make a positive impact while bringing laughter to the crypto world.

### Crypto Bozos Swap

Our website will provide a live swap feature, making us one of the pioneering meme coins in offering this functionality.

### Crypto Bozos Wallet

Our roadmap includes the development of our Bozo wallet, which will enable users to conveniently track their rewards earned from reflections, wallet balance, token valuation, and other key metrics.

### Crypto Bozos NFTs

Our most significant ongoing endeavor is the CryptoBozos NFT marketplace, which was launched in 2022. Through this platform, users will have the opportunity to create, purchase, and auction their own NFTs. Furthermore, we enable users to donate a percentage of their NFT sales to charities dedicated to raising cancer awareness.

### Crypto Bozos Swag

A merchandise line exclusively for \$CBToken holders will be offered, allowing them to proudly show their support for their favorite meme in the physical world. The proceeds from these merchandise sales will contribute to the project's development and enable us to make additional donations to charities.
